DEPARTMENT REPORTS

Chief Adams spoke on the following items:

- Oct 6 the District is hosting Leadership Lehigh. They will be at the fire station to learn.
- Fire Marshal Bennett participated in a Lee County Task Force.

Commissioner Hemingway questioned the ambulance responses made for the month by Lee County EMS. The book states 5 but Commissioner Hemingway believes it's more. We are having a huge response from Lee County EMS responding into Lehigh. Since we are back at full staff now, we are losing money to the county, which could help balance our budget. We need to straighten this situation out. Chief said that all calls that Lee County runs do not transport.

PUBLIC COMMENT:

Cathy Kruse, resident of Lehigh Acres spoke on the ambulance – Lee County ambulance’s numbers versus the numbers Lehigh Acres puts out. Her problem is she does not want Lehigh to lose their ambulance service. Billing person has done an awfully good job on bringing in ambulance money. We have more than enough staff to be running at least one more ambulance if not two. She would expect that our department look into running more ambulances. This department is doing a disservice to the residents of Lehigh Acres. She is tired of it.

She also spoke on the dependent health insurance in reference to the re-hires and new hires being the only employees to pay for dependant insurance.

Chief responded to some of the concerns that Mrs. Kruse expressed. Whereas our billing specialist does do a good job, a lot of the money that was brought in is from ADPI is not just transports for the month. We don’t have enough employees on line to put on the additional ambulances she is requesting. Due to the SAFER grant, we must have 4 employees on an engine.

Kevin Shea spoke having volunteers to help with the website.
